# Showstoppers

## Poultry

For the star of the show, choose from **organic** and **free-range turkeys** from Walters Turkeys on the Berkshire Downs. For a tasty alternative, go for Otter Valley Farm's **organic chicken** or Summerhill Farm's **organic duck**, both based in Devon.

## Pork & Trimmings

For an alternative to poultry, or to pair your centrepiece with crowd-pleasing trimmings, Somerset-based The Story Farms have you covered.

Following the principles of regenerative farming, animals have room to roam outdoors and access to pasture to feed on. Choose from **gammon joints**, **sausage meat**, **streaky bacon**, and **chipolatas**.

## Beef

Fancy a beef centrepiece? Try regeneratively farmed **beef topside** and **beef sirloin** from The Story Farms. Regenerative farming increases biodiversity, enriches soil and enhances ecosystems.

## Fish

Add luxury to brunches and canapes. Pick from organic farmed **Glenarm salmon**, smoked using artisanal methods at Severn & Wye in the Forest of Dean, or **smoked rainbow trout fillet** from Stream Farm, reared and smoked on site by small-scale farmers in Somerset.

## Ultimate Nut Roast

Our plant-based **nut roast** is handmade in St Werburghs by our talented Better Food chefs, exclusively for your Christmas feast. Balancing a depth of umami flavours with a fruity edge, this fabulously nutty roast is topped to give a festive citrus tang.
